

YOUR GUIDE TO SURVIVING THIS YEAR'S MOST INSANE TECH SHOW

1 Try to Travel Light

Don't bring extra baggage to this event

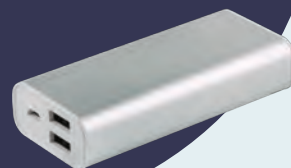

Pack light and bring only what you need to survive when in Vegas!

2 Bring USB Battery Packs

Ain't nobody got time for a dead phone

Come prepared, you will not have time to find hidden outlets.

3 Give Yourself Extra Time

This big event has many twists and turns

The path to the event might not be so easy, so bring a map.

4 Pack Comfy Shoes

Take Care of Your Feet

This event is huge, you will be walking a lot, so wear comfortable shoes

5 Remember to Hydrate

Remember, You're in Vegas

Vegas is an unforgiving desert and she will punish you for not taking the time to hydrate.

6 Naps are Okay

Don't let those late nights win

Set a decent bedtime, stay hydrated and fed, and avoid those blackjack tables.

7 Go to the Afterparty

Spread those business cards

Take the time to pick the right party that will help you network.

8 Take Pictures

Make sure you learn something

Remember to take pictures of some of the technology being showcased.
